-  Clear communication
-  Team spirit
-  Continuous learning
-  Adaptability
-  Problem-solving

## Languages

French ★★★★★  
English ★★★★★  
Spanish ★★

## Methodology

 Scrum - Agile

## PROFILE

Full Stack Developer with an 8-month training in Java and Angular, along with a degree in Marketing and an almost completed Master's in Strategic Marketing. Simultaneously, I am pursuing a part-time Bachelor's in Software Development. Versatile and driven, I merge my development skills with my marketing knowledge, thus providing a unique perspective in crafting technological solutions. I am prepared to take on new challenges and swiftly adapt to dynamic work environments.
